---

### 2. Hazards identification

Non hazardous product.

---

### 3. Composition /Information on ingredients

Preparation for culture media, contains organic and inorganic compounds.

---

### 4. First aid measures

No specific measures necessary.

---

### 5. Fire-fighting measures

Not Combustible

---

### 6. Accidental release measures

No specific measures necessary

---

### 7. Handling and storage

Handling: No further requirements.

Storage: Tightly closed, dry. Store below 25°C.

---

### 8. Exposure controls / personal protection

Wear appropriate NIOSH/MSHA-approved respirator, chemical-resistant gloves, safety goggles, other protective clothing. Mechanical exhaust required.

---

### 9. Physical and chemical properties

Form: Sterile 0.1% Peptone Water in Screw cap/ flip off seal in bottle

Colour: clear colorless

pH at 25°C: 6.90 to 7.30

---

**10. Stability and reactivity**

Conditions to be avoided: No information available.

Substances to be avoided: No information available.

Hazardous decomposition products: No information available.

---

**11. Toxicological information**

Non Toxic.

---

**12. Ecological information**

Ecological effects: Quantitative data on the ecological effects of this product are not available.

Further ecological data: No ecological problems are to be expected when the products is handled and used with due care and attention.

---

**13. Disposal considerations**

Product: Product and its derivatives must be disposed off in compliance with the country-specific regulations.

Packaging: Packaging must be disposed off in compliance with the country-specific regulations.

---

**14. Transport information**

Not subject to transport regulations.

---

**15. Other information**

The information contained herein is based on the present state of our knowledge. It characterizes the product with regard to the appropriate safety precautions. It does not represent a guarantee of the properties of the product.
