---

**2. Hazards identification**

Non hazardous product.

---

**3. Composition /Information on ingredients**

Preparation for culture media, contains organic and inorganic compounds.

---

**4. First aid measures**

No specific measures necessary.

---

**5. Fire-fighting measures**

Not Combustible

---

**6. Accidental release measures**

No specific measures necessary

---

**7. Handling and storage**

Handling: No further requirements.

Storage: Tightly closed, dry. Below 25°C

---

**8. Exposure controls / personal protection**

Wear appropriate NIOSH/MSHA-approved respirator, chemical-resistant gloves, safety goggles, other protective clothing. Mechanical exhaust required.

---

**9. Physical and chemical properties**

Form: Sterile Soyabean Casein Digest Agar with 0.5 % Lecithin and 2% Polysorbate 80 & 1% Glycerol in 55 mm disposable petri plate

Colour: Light yellow to medium amber color

pH at 25°C: 7.3 ± 0.2

### 10. Stability and reactivity

Conditions to be avoided: No information available.

Substances to be avoided: No information available.

Hazardous decomposition products: No information available.

---

### 11. Toxicological information

Non Toxic.

---

### 12. Ecological information

Ecological effects: Quantitative data on the ecological effects of this product are not available.

Further ecological data: No ecological problems are to be expected when the products is handled and used with due care and attention.

---

### 13. Disposal considerations

Product: Product and its derivatives must be disposed off in compliance with the country-specific regulations.

Packaging: Packaging must be disposed off in compliance with the country-specific regulations.

---

### 14. Transport information

Not subject to transport regulations.

---

### 15. Other information

The information contained herein is based on the present state of our knowledge. It characterizes the product with regard to the appropriate safety precautions. It does not represent a guarantee of the properties of the product.
